

HOW DID WE DO?

How did you find the overall event?

What was your favourite part of the day?

Were you satisfied with the venue facilities?

Were you satisfied with the refreshments and food?

How can we improve for next time?

Key themes identified were:

**Ensure sound, IT
and microphones
work effectively**

**Provide more
comfort / refreshment
breaks**

**Improve time
management, ensuring
presentations do not
over-run**

**Provide a handout /
glossary of services**

**Allow more time for
questions and
networking**

**Ensure caterers provide
an organised service**

Other comments included:

- Large numbers made it difficult to manage
- A specific theme / focus topic would be of interest and clear definition of service delivery
- The room layout did not make it easily accessible to all
- Clarity and direct answers from the panel would help improve the services

These results pick out the key themes identified from the feedback. If you would like the full transcript, please contact:
